

Dear Parents/Guardians:

Ecole St. Mary School is pleased to offer you the opportunity to save you both time and money while school supply shopping for the 2023/2024 school year! Our school has recently partnered with Start Right Supplies, a Saskatchewan based supply company that aims to connect your home and school by offering school supply shopping at the click of a mouse!

How Does it Work?

- Visit www.startrightsupplies.ca, find the "Shop" tab at the top of the page, then select "Regina" and finally, "Ecole St. Mary School".
- Within this page you will find a list of supplies (pencils, paper, etc.) that are required each year for K to 12 as generated by Ecole St. Mary School. *Each item from the teacher's list will be displayed and available with the required quantity listed on our page. Parents have the ability to choose to order or not order items that had previously been considered compulsory through our program.* You can select quantities from each drop box as needed. Click "add to cart" at the bottom of the page when you are finished making selections.
- Try browsing the "Build Your Own Kit" section if you wish to shop without guidelines or add additional items to your cart.
- After selecting all items your student requires, go to "view cart" where you can complete the rest of the checkout process.

Why Start Right Supplies?

- Our partnership with Start Right Supplies guarantees that every order made by our parents and staff from the Ecole St. Mary School Page contains labels with students' names, packed in sealed package, and **shipped to the school at no cost!** **Free labels are subject to a minimum order of \$19.99 per student.*
- Also, 10% of every dollar spent (*before taxes*) by parents and staff is given directly back to Ecole St. Mary School, which helps to ensure that Ecole St. Mary School is able to continue providing the high quality of education you have become accustomed to!

Cut-Off Date/ Late Orders:

- The last day to order supplies while contributing to our school fundraiser is August 7th, 2023.
- Any orders placed after August 7th will not be guaranteed "first day of school" delivery nor will the school be credited 10%, but will still be filled and delivered.

Information/ Questions: Please contact info@startrightsupplies.ca with any questions.
